Street of Dreams

A low-impact development of homes at Cooper Crest on Olympia's west side will be the site of this year's Street of Dreams in Thurston County.

Cooper Crest incorporates techniques such as retention of the original soil, buffer strips of native vegetation, stormwater run-off return to areas of natural vegetation, "grass-crete" paving and the like, according to developer Tri Vo of Triway Development.

The 2004 Wells Fargo Street of Dreams is expected to open in early August and run for three weeks. The sponsoring group, Olympia Master Builders, is a trade association representing more than 800 member companies in Thurston, Lewis, Grays Harbor, south Pacific and Mason counties.
